

STATE OF VERMONT
PUBLIC SERVICE BOARD

Docket No. 6539

Petition of Net2000 Communications Services,)
Inc. for Approval of an Indirect Transfer of)
Control)

Order entered: 9/21/2001

I. INTRODUCTION

This case involves a petition filed on July 23, 2001, by Net2000 Communications Services, Inc. ("Net2000" or "Petitioner"), seeking Vermont Public Service Board ("Board") approval under 30 V.S.A. § 107, for approval of an indirect transfer of control resulting from an issuance of stock by its ultimate parent company.

On August 27, 2001, the Vermont Department of Public Service ("Department") submitted a letter to the Board indicating that the Department had no objection to the transfer of control. The Department noted that the transaction would be transparent to Vermont consumers and would not involve a change in the management or services of Net2000. Further, the Department also had no objection to the issuance of an order without hearing or further investigation, as provided under 30 V.S.A. § 107.

II. FINDINGS OF FACT

Based upon the petition and accompanying documents, the Board makes the following findings of fact.

1. Net2000 received a Certificate of Public Good (CPG No. 418) to provide telecommunications services in Vermont on November 18, 1998. Net2000 Communications, Inc. ("NCI") is Net2000's ultimate parent corporation and is not authorized to provide telecommunications services in Vermont. Petition at 1-2 and attachments.

2. Under the proposed transaction, NCI will issue additional stock to several existing stockholders which would result in certain stockholders to exercise more than 10% of the voting power of NCI. Following the transaction, Net2000 will continue to operate in all respects as it

currently operates, pursuant to existing operating authority. Neither the name of nor the terms and conditions of service offered by Net2000 will be affected by the transaction. Petition at 3-4.

3. Completion of the proposed transaction will promote the public interest in that it will promote competition among telecommunications providers by providing Net2000 with access to greater financial resources, thus strengthening its competitive position and enabling it to pursue marketing and business plans more effectively. Petition at 5.

III. CONCLUSIONS OF LAW AND DISCUSSION

The proposed transaction requires Board approval under 30 V.S.A. § 107, which applies to a direct or indirect acquisition of a controlling interest in a Vermont utility.¹ Under Section 107, a "controlling interest" is defined as 10% or more of the outstanding voting securities of a company. Section 107 requires a finding that the transfer of control will promote the public good. This standard is met in this case. The proposed transaction will promote the public good, because the indirect transfer of control of Net2000 will allow it access to greater financial resources, thus allowing it to operate in a more flexible manner. In the competitive arena of telecommunications, the overall effect of this transfer may promote more customer choice in terms of services, with stronger competitors in the Vermont telecommunications market. It should also be noted that the transfer of control will not have an adverse impact on Vermont consumers as Touch America will continue to operate according to its present authority.

For all of the above reasons, the proposed indirect transfer of control of Net2000 should be approved.

1. Approval under 30 V.S.A. §§ 231 and 311 is not required because the current holder of the Certificate of Public Good will continue to be the entities providing telecommunications service in Vermont.

IV. ORDER

IT IS HEREBY ORDERED, ADJUDGED AND DECREED by the Public Service Board of the State of Vermont that:

1. The indirect transfer of control of Net2000 Communications Services, Inc., is approved.
2. Petitioner shall file a letter notifying the Board of the completion of the transaction within one week of such completion.

DATED at Montpelier, Vermont, this 21st day of September, 2001.
